In the Government Order cited (1) the Government have sanctioned a sum of Rs.19,200/- for the construction of an additional ward of 16 beds with a Maternity block attached to the Taluk Headquarters Hospital, Karkal. The new ward has since been completed and occupied.

SUBJECT:- Government Taluk Head Quarters Hospital , Karkala -
Upgrading of - Construction of compound wall and
main gate - Early - Execution requested.

--

The new ward of sixteen beds undertaken by the Community Projects Department is nearing completion and I hope electrification of the Hospital will also be taken up soon. I wish to thank the Community Projects Department for speeding up these works.

In this connection, I should like to invite your kind attention to another important and urgent need of the Hospital and that is construction of a compound wall on the eastern, western and southern sides of the Hospital and a gate at the main entrance.

At present, in the absence of the compound wall and the gate, the premises has become a regular thoroughfare for the pedestrians thus causing a great disturbance and inconvenience to the ill-patients of the hospital.

May I therefore request you, sir, to take up at least the construction of a wall on the eastern, and southern portions of the hospital and also a gate at the main entrance as early as possible and to sanction the necessary expenditure from the funds of the Community Projects for this purpose?

Thanking you,

Yours faithfully,
Sd. x x x x x
Medical Officer.

2. The hospital is at present used as a public thoroughfare. A compound wall is quite essential. I request that at least the construction of a wall on the eastern and southern portions may be undertaken if possible, out of the savings, if any.
